Inergex Adds To The HealthNow Account Team

BUFFALO, New York – February 8, 2008 – Inergex, Inc., is a professional IT services company that provides integrated, business-driven IT solutions for high-performance organizations, today announced the hiring of a new team member to the Inergex HealthNow New York Account Team.

Ed Arellano was hired by Inergex to be the HealthNow Service Delivery Manager. Ed has over 17 years of extensive, first-hand experience in the IT services industry. His expertise is in planning, building, and managing service delivery models for enterprise clients. He will be responsible for managing the Service Level Agreement while helping his Service Desk team improve their technical and human interaction skills set. In addition, he works closely with other Service Delivery Managers at Inergex assigned to other accounts build a cross-functional team model to provide clients more economy of scale, technical knowledge, and ability to expand the Service Desk team when necessary based on call volumes. He is a valuable addition to Inergex and the entire HealthNow Service Desk team.

ABOUT INERGEX, INCORPORATED

Inergex, Inc., with offices in Buffalo and Rochester, New York, is a professional IT services company that provides integrated, business-driven IT solutions for high-performance organizations nationwide.
